What does your company do and what services do you offer?

Wilcox Bodies Limited specializes in manufacturing custom service, utility and crane bodies out of steel and aluminum. We are distributors for some of the top equipment in the industry including Stellar Shuttle and Compressors, V-mac Compressors, Thieman, Tommy and Ultron Liftgates, Auto Crane cranes and much more. We also manufacture a variety of custom top boxes, under body boxes, tool boxes, diesel transfer tanks and flat decks. Wilcox Bodies Limited is proud to be a Canadian Welding Bureau (CWB) certified welding company

How many people do you employ and what is the scope of your operation?

Wilcox Bodies Limited employs 40 people. We are a one stop manufacturer. We design and build custom truck bodies from the ground up. We receive raw product in and drive a finished product out. Everything we fabricate is done in house. From cutting, shaping and welding steel and aluminum to painting the body and installing locks, handles, LED lighting etc....

Are there any highlights or major initiatives your company would like to publicize?

We have just started an email newsletter with May 2009 being our first issue. You can become a recipient to this newsletter simply by going on to our New and Improved website and subscribing.

New to Wilcox Bodies is our diesel transfer tanks, by owning one of these tanks you no longer need to worry about downtime as it costs you money! Our diesel transfer tanks come in a variety of shapes and sizes.

What is your building size in square feet?

Our manufacturing facility is 32,000 square feet.
